

Hair Formula for Men

#NS-208

Size: 60 Softgel Capsules, 30 day supply

Fight Genetic Hair Loss!

Hair Formula for Men by Blue Spring contains:

- L-Methionine
- Green Tea Leaf Extract
- Millet Seed Extract
- Ginkgo Leaf extract
- Horsetail Stem Extract
- Borage Seed Oil
- Grape Seed Leaf Extract

Hair Formula for Men also contains minerals and 10 Vitamins all known to fight genetic hair loss and reduce age-related hair loss.

How to understand age related hair loss: 5-alpha reductase is an enzyme made by the body that converts testosterone into DHT. DHT makes hair follicles smaller until they no longer produce hair. The standardized herbal extracts in Hair Formula for Men block this conversion of testosterone into DHT and save the hair follicles. This results in the support of healthy and strong hair growth. (Both men and women are affected by this condition)

The unique combination of the 7 natural herbal extracts and the 10 vitamins and minerals in Hair Formula for Men by Blue Spring produces the following beneficial results:

- Fights genetic hair loss
- Increases the number of healthy root hairs on the head
- Helps prevent brittle hair
- Promotes faster hair growth
- Promotes shiny and youthful looking hair
- Revitalizes hair through nourishment from the roots
- Encourages strong and healthy hair growth
- Strengthens, thickens and protects hair
- Protects hair against free radical damage
- Minimizes hair loss and thinness

Hair Formula for Men is rich in the vitamins, minerals, trace elements and plant extracts that have a known positive influence on hair follicles and their growth.

The positive qualities of Hair Formula for Men by Blue Spring are:

Product Ingredients: Borage (Borago officinalis) Seed Oil, Millet (Panicum miliaceum) Seed Extract, L-methionine, Horsetail (Equisetum arvense) Stem Extract (7% silica), Green Tea (Camellia sinensis) Leaf Extract (60% polyphenols), Grape (Vitis vinifera) Seed Extract (95% polyphenols including procyanidolic oligomers (PCOs)), Ginkgo (Ginkgo biloba) Leaf Extract (24% ginkgoflavonglycosides and 6% terpene lactones), Pumpkin (Cucubita pepo) Seed Extract, Saw Palmetto (Serenoa repens) Berry Extract (85%–95% fatty acids)

Other Ingredients: Gelatin, glycerin, soybean oil, yellow beeswax, lecithin, caramel, titanium dioxide

Hair Formula for Men

Borage (*Borago officinalis*) Seed Oil - Used topically to nourish and hydrate the skin. It is also used for damaged skin where new cells are needed. It is beneficial for both topical and internal applications. For nails, scalp and hair growth and nourishment and stopping dry conditions in nails, scalp and hair

Millet (*Panicum miliaceum*) Seed Extract - Millet is a protein rich small seed that has been used in Europe for decades for treatment of hair problems. Millet is rich in essential fatty acid, magnesium and many amino acids. Amino acids are the basic structure of proteins. Amino acids are necessary to make keratin. Keratin is the essential building block of hair and nails. Millet extract has long been known as a favorable influence on the growth of hair and nails.

L-methionine - Studies on hair growth in Japan have shown that when L-methionine was applied, root hair numbers increased.

Horsetail (*Equisetum arvense*) Stem Extract - It is rich in nutrients and high in silica. Silica helps the body absorb calcium and promotes strong, healthy nails, teeth, bones skin and hair.

Green Tea (*Camellia sinensis*) Leaf Extract - Used to fight the aging of the skin, disorders of the intestines and androgenetic alopecia, which is a genetic type of hair loss in both men and women. Green tea is loaded with antioxidants which; relax the blood vessels to help cardiovascular activity; have an anti-bacterial effect; helps skin wrinkles, aging, energy and stamina; help hair growth; protect against stomach and colon cancers

Grape (*Vitis vinifera*) Seed Extract - Researchers have discovered that Grape Seed Extract can help to stimulate healthy hair growth by defeating the hormone DHT that stops the hair follicle growth cycle.

Ginkgo (*Ginkgo biloba*) Leaf Extract - Known to help androgenetic alopecia, which is a genetic type of hair loss in both men and women.

Pumpkin (*Cucubita pepo*) Seed Extract - A natural hair loss remedy.

Saw Palmetto (*Serenoa repens*) Berry Extracts - Useful in treating male pattern baldness, known as androgenetic alopecia (AGA). AGA is caused by an overproduction of DHT, which is found in the hair follicle and slows down hair production. Saw Palmetto Berry blocks this conversion of testosterone into DHT and saves the hair follicles.

Contraindications: Men taking the prescription drugs Propecia and Proscar should inform their doctors if they are also taking Saw Palmetto. Saw Palmetto may counter the efficacy of Hormone Replacement Therapy (HRT) and birth control pills. Pregnant women should not use Saw Palmetto

Inactive Ingredients: Gelatin, glycerin, soybean oil, yellow beeswax, lecithin, caramel, titanium dioxide
