

**Adaptra Stress Reliever**

Patented Adaptra SSR-10 with patented Sensoril™ provides fast relief for occasional stress, simple nervous tension and daily anxiety. It helps you adapt and cope with the pressures of everyday life. Stress causes your body to undergo many unhealthy changes and to produce that nasty stress hormone cortisol that can cause belly fat, high blood pressure and high cholesterol. Reducing your stress levels reduces stress-related cortisol production, and can help your diet and exercise program work.

- One Adaptra relieves stress for up to 24 hours. Makes you calm but does not make you drowsy.
- Adaptra helps control stress-related weight gain.
- Its powerful adaptogen and antioxidant formula also helps protect against the effects of stress-related aging by protecting against free radical damage to cells and helping support the body's immune defenses.

**Safe for everyday use.\***

*A message from Jack McClung  
Inventor of Blue Stuff products*

*Dear Friends,*

*I invented SuperBlue to be a more effective way to relieve the pain and suffering of my friends. I am very proud of the quality and effectiveness of all Blue Stuff and Blue Spring brand products and the products have many thousands of satisfied loyal users. Although I am retired now, I know you will be very happy you put your trust in SuperBlue and in my daughter Debra.*

*Thank you and God bless you,*

*Jack McClung*
